

## **Fort Knox**

### **BRAC 2005 Recommendation:**

*Transform Fort Knox into a multi-functional installation that serves as the home to Operational Army units and various Headquarters and Field Operating Agencies. These recommendations accommodate the return of forces from overseas and the Army's Modular Force Transformation. As part of the Army's modular force transformation, the Army announced its intent to activate and temporarily station an Infantry Brigade Combat Team (BCT) at Fort Benning in 2006. The BRAC 2005 analysis concluded that when viewed holistically with other BRAC recommendations, the Army would be better served by the stationing the BCT at Fort Knox. The relocation of the Armor Center and School to Fort Benning provides the facilities and training resources for the Army to activate an Infantry Brigade Combat Team and establish a Human Resources Center of Excellence at Fort Knox.*
